

6 WAYS

TO DESCRIBE PROBLEMS AND DELAYS AT WORK

HOLDUP

1

a delay

There's a holdup with the payment because the vendor's banking information changed.

MIX-UP

2

a mistake that causes confusion

There was a mix-up with the delivery address.

SETBACK

3

a serious problem that slows progress

The budget cuts were a major setback for the project.

GLITCH

4

a small, brief technical problem in a computer, app, or system

There was a glitch in the system during the call.

HICCUP

5

a small problem that is fixed quickly

There was a small hiccup with the payment, but it's fixed now.

SNAG

6

an unexpected problem that stops or slows progress

Production hit a snag when a part didn't arrive on time.
